

Purchasing Terms & Conditions

JONESBORO TOOL & DIE CO.	Purchasing Terms & Conditions	F-840-008 rev A - June 23, 2021
---	--	---------------------------------

1. CONTRACT FORMATION.

- a. The Purchase Order ("PO") or Blanket Purchase Agreement ("BPA") to which these General Provisions are incorporated by reference (hereafter the "Order") constitutes an offer by the Jonesboro Tool & Die or JTD legal entity (e.g., Jonesboro Tool and Die Inc.) (hereafter referred to as the "Company" or Buyer) identified in such Order to purchase the products or materials ("Goods") and Services (Goods and Services comprise the "Work") described in the Order from the supplier identified in such Order (the "Seller"). If Seller accepts such offer, the Company and the Seller will have formed a contract on the terms and conditions set forth below (the "Contract").
- b. The Company limits acceptance of this offer to the terms and conditions contained in this Order, and objects to and rejects any terms and conditions that add to or differ from those set forth below unless accepted in writing by the Company.

2. CONTRACT DIRECTION.

- a. The person authorized by the Company's procurement organization to administer the Contract (the "Company Buyer" or "Buyer") is the only person with authority to modify its terms.
- b. Occasionally, the Company's engineering and technical personnel may provide assistance or technical advice, or exchange information with Seller's personnel concerning the Work. Such actions shall not be deemed a change under the Changes clause of the Contract and shall not provide a basis for an Equitable Adjustment. If Seller is in doubt as to whether it has received direction it is obligated to follow, it must promptly confirm with the Buyer in writing whether a change was intended. If Seller proceeds absent confirmation from the Buyer, Seller waives any right to request an Equitable Adjustment and is at risk of noncompliance with Contract requirements.
- c. Unless the Contract provides otherwise, all notices to be furnished by Seller shall be sent to the Buyer, including notices of delays, and bankruptcy or insolvency.

3. TIMELY PERFORMANCE. Time is of the essence in the performance of this Contract and failure to perform on time, if unexcused, shall be considered a material breach of this Contract. Seller shall immediately provide written notice to the Company of all pertinent details regarding any actual or potential cause or event that threatens the timely performance of the Contract. In the event of any actual or potential delay, Seller shall promptly notify the Buyer of the actions being taken to overcome or minimize the delay, provide the Buyer with a written recovery schedule, and unless Seller is excused from timely performance as provided in the *Force Majeure* or Excusable Delay clause of this Contract, ship via air or other expedited routing, without additional cost to the Company, to avoid or minimize delay to the maximum extent possible. Unless advance shipment has been authorized in advance in writing by Company's Buyer, Company shall refuse or return, at Seller's risk and expense, shipments made prior to thirty (30) days before the required scheduled delivery dates, and Company shall not be liable for any payment to Seller on such advance deliveries until the scheduled delivery dates in accordance with Section 18, Payment, below.

4. NOTICE OF OBSOLESCENCE ISSUES. Seller shall monitor and report any and all obsolescence issues that can be reasonably anticipated to adversely affect the availability of Goods or materials currently used in production for the Company. The Seller shall report this information in writing to the Buyer promptly, and in no event later than seven (7) days of Seller's first knowledge, and subsequently as directed by the Buyer. Additionally, notification shall be sent to blandon@jonesborotool.com. These obligations shall be effective during the performance of the Contract and shall survive the expiration of this Contract for a minimum of one (1) year following the end of the period of performance inclusive of Contract close-out.

5. COUNTERFEIT PARTS PREVENTION. (Applicable if the Work Includes the Delivery of Goods)

- a. For purposes of this Contract, Counterfeit Part means a product produced or altered to resemble a product without authority or right to do so, with the intent to mislead or defraud by presenting the imitation as the original or genuine or a new item. Such parts may be of new manufacture, but are misleadingly labeled to provide the impression they are of a different class or quality or from a different source than is actually the case. A part is a suspect Counterfeit Part if visual inspection, testing, or other information provides reason to believe that the part may be a Counterfeit Part.
- b. Seller represents and warrants that only new and authentic materials are used in Goods to be delivered to Buyer under this Contract and that the Goods delivered contain no Counterfeit Parts or suspect Counterfeit Parts.
- c. Seller shall only purchase products to be delivered or incorporated as Goods to Buyer directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain. Such products shall not be acquired from independent distributors or brokers unless approved in advance in writing by Buyer. Seller must make available to Buyer, at Buyer's request, OCM/OEM documentation that authenticates traceability of the components to that applicable OCM/OEM.
- d. If this Contract is issued under a U.S. Government contract, Seller shall maintain a documented system (policy, procedure, or other documented approach), consistent with applicable industry standards for the detection and avoidance of counterfeit electronic parts and suspect counterfeit electronic parts, including policies and procedures for training personnel, designing and maintaining systems to mitigate risks associated with parts obsolescence, making sourcing decisions, prioritizing mission critical and sensitive components, ensuring traceability of parts, developing lists of trusted and untrusted suppliers, flowing down requirements to subcontractors, inspecting and testing parts, reporting and quarantining suspect counterfeit electronic parts and counterfeit electronic parts, and taking corrective action.
- e. Seller shall immediately notify Buyer with the pertinent facts if Seller becomes aware that it has furnished Counterfeit Parts or suspect Counterfeit Parts to Buyer. Additionally, if this Contract is issued under a U.S. Government contract, for confirmed counterfeit electronic parts, notification must also be made not later than 60 days after discovery to the Government – Industry Data Exchange Program (GIDEP). Seller shall cooperate with

Purchasing Terms & Conditions

Buyer in any investigation relating to such Counterfeit Electronic Parts or suspect Counterfeit Electronic Parts, including the impounding by Buyer or government agencies of the Counterfeit Electronic Parts or suspect Electronic Counterfeit Parts for purposes of investigation.

- f. This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Contract addressing the authenticity of Goods. To the extent such provisions conflict with this clause, this clause prevails.
- g. In the event that Goods delivered under this Contract constitute or include Counterfeit Parts or suspect Counterfeit Parts, Seller shall, at its expense, promptly replace such Goods so as to conform to the requirements of this Contract. Notwithstanding any other provision in this Contract, Seller shall be liable for all costs relating to Counterfeit Parts or suspect Counterfeit Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion such parts, including without limitation Buyer's costs of removing Counterfeit Parts, of installing replacement Goods and of any testing necessitated by the reinstallation of the Goods after Counterfeit Parts have been exchanged. All such costs shall be deemed direct damages. The remedies contained in this paragraph are in addition to any remedies Buyer may have at law, equity or under other provisions of this Contract.
- h. Seller shall include the requirements of this paragraph or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or furnished as Goods to Buyer.

6. **CHANGES.**

- a. The Buyer may at any time, by written notice to Seller, and without notice to sureties or assignees, make changes and give Contract direction within the general scope of the Contract to any one or more of the following: (i) drawings, designs or specifications; (ii) method of shipping or packing; (iii) place of inspection, acceptance or point of delivery; (iv) property furnished by the Company or its customer; (v) time or place of performance; (vi) quantity; (vii) delivery schedule; and (viii) terms and conditions required to meet Buyer's obligation under its customer contracts, including but not limited to, any mandatory flowdown clauses.
- b. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the Contract, the Company shall make an Equitable Adjustment in the Contract price or delivery schedule, and modify the Contract accordingly. Changes to the delivery schedule will be subject to a price adjustment only.
- c. Seller waives a claim for an Equitable Adjustment under this Clause unless it submits such claim in writing to the Company within fifteen (15) days from the date of the notice of the change, unless the Company agrees in writing to a longer period.
- d. Failure to agree to any Equitable Adjustment shall be resolved in accordance with the Disputes clause of the Contract. However, nothing contained in this Clause shall excuse Seller from proceeding immediately in the performance of the Contract as changed.

7. **PRICING OF ADJUSTMENTS.** All price adjustments, including but not limited to Equitable Adjustments, under this Contract shall be based upon Seller's costs and a reasonable profit for work performed, unless profit is expressly excluded by terms of this Contract. The Company shall recognize costs that are reasonable, allowable and allocable under the standards of Part 31 of the Federal Acquisition Regulation ("FAR", Title 48, Code of Federal Regulations) in effect on the date of this Contract.

8. **STOP WORK ORDER.** As directed in writing by the Buyer, Seller shall stop performance of all or part of the Work for up to ninety (90) days, or for such longer time as the parties may agree, and shall take all reasonable steps to minimize the incurrence of costs allocable to the stopped Work during the period of the Stop Work order. The Buyer shall either terminate or continue the stopped Work by giving written notice to Seller before the expiration of the Stop Work order. An Equitable Adjustment may be made, as provided by the Pricing of Adjustments and Changes clauses of the Contract, if the stopped Work is changed or continued, in whole or in part.

9. **CANCELLATION OR TERMINATION FOR BUYER CONVENIENCE.**

- a. The Company may terminate the Contract for its convenience at any time and without cause, in whole or in part, by giving Seller written notice of such termination. In the event of such a termination, Seller shall stop work immediately, and shall cause all of its suppliers and subcontractors to stop work immediately, on the terminated portion of the Contract. Seller shall continue all work that is not terminated. Buyer may take immediate possession of all goods, complete or incomplete, and all products resulting from services upon written notice of termination to Seller.
- b. Seller shall be entitled to an Equitable Adjustment, including reasonable settlement expenses. Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit for work performed to date of termination. Seller shall not be paid for any work performed or costs incurred that could have been reasonably avoided. Seller must submit its proposal to the Buyer for costs relating to the termination within sixty (60) days after the effective date of the termination. In no event shall the Company be liable for lost or anticipated profits, unabsorbed indirect costs or overhead, or for any sum in excess of the total Contract price.

10. **TERMINATION FOR SELLER BREACH OR DEFAULT.** The Company may terminate the Contract for default, in whole or in part, if Seller fails to comply with any of the material terms of the Contract; endangers performance of the Contract by failing to make progress; upon reasonable request by the Company, fails to provide adequate assurances of future performance; files or has filed against it a petition in bankruptcy; or becomes insolvent or suffers a material adverse change in financial condition. Seller shall have ten (10) days, or such longer period as the Company may authorize in writing, to cure any such failure after receipt of notice from the Company. However, Seller shall not be entitled to a cure notice for a default involving delivery schedule delays. The Company shall only be liable for Work accepted, and Seller will be liable to Company for all direct losses and direct damages which may be suffered by Company by reason of the default, including any increase in the costs incurred by Company in procuring Work from another source. The Company may require Seller to deliver any supplies, materials, tooling and drawings that Seller has specifically produced or acquired for the terminated portion of the Contract. The Company and Seller shall agree on the amount of payment for these manufacturing materials. However, nothing contained in this Clause shall excuse Seller from proceeding immediately in the performance of all work not terminated. If after termination

Purchasing Terms & Conditions

under this Clause, it is later determined that Seller was not in default, the termination shall be deemed a Termination for Convenience. The rights and remedies of Company are in addition to any other rights provided to the Company at law, in equity, or under the terms and conditions of the Contract.

11. **FORCE MAJEURE OR EXCUSABLE DELAY.** Except for a default of Seller's subcontractor at any tier, Seller shall not be in default or charged for any liability because of a failure to perform the Contract under its terms, or because of a failure to make progress so as to endanger performance, if the failure arises from causes beyond the control of and without the fault of Seller; provided, Seller gives to the Buyer prompt notice in writing as soon as it appears that such cause will delay performance of the Contract. Such causes shall include, without limitation: acts of God or of the public enemy; acts or orders of any Governmental authority, including acts of the Government in its sovereign or contractual capacity; natural disasters including earthquakes, fires, storms, floods, or unusually severe weather; epidemics or quarantine restrictions; unavoidable labor strikes, civil disturbances or acts of terrorism; and freight embargoes. Failure of any relevant government to issue any required import or export license, or withdrawal/termination of a required import or export license by such relevant government, shall relieve Buyer of its obligations under this Contract, and shall relieve Seller of its corresponding obligations. Correspondingly, the Company shall not be liable for any failure or delay in performance of the Contract due to causes or circumstances beyond its control and without its fault or negligence.
12. **INSPECTION.** All Work shall be subject to inspection, monitoring, and testing ("Inspection") by the Company and its customers at reasonable times and places. The Company shall have the right to inspect work in process. Seller shall provide information and access to facilities necessary for a safe and convenient Inspection at no additional charge, so long as the Inspection does not unduly delay work. No Inspection shall relieve Seller of any of its obligations to furnish all Work in accordance with requirements of the Contract.
13. **ACCEPTANCE AND REJECTION.**
 - a. Neither receipt nor payment shall constitute final acceptance. The Company shall accept or reject the Work within a reasonable time after delivery. The Company will not be obligated to accept substitutions, untimely deliveries, deliveries in quantities other than those ordered by the Buyer or deliveries of Work failing to conform to the Company's specifications or Seller's warranties described in the Contract. The Company will not accept any delivery received thirty (30) days or more prior to the delivery schedule on the Contract. Acceptance by the Company of substitutions, untimely deliveries, partial deliveries or non-conforming Work shall not waive the delivery schedule or other requirements of the Contract.
 - b. If Seller delivers non-conforming Work, the Company may (i) accept all or part of such Work; (ii) return the Work for credit or refund; (iii) require Seller to promptly correct or replace the Work; (iv) correct, or have a third party correct, the Work; or (v) perform, or have a third party perform, replacement Work.
 - c. Seller shall not redeliver corrected or rejected Work without disclosing the corrective action taken. In the event non-conforming Work is re-delivered subsequent to corrective action, the Company may require Seller, at Seller's expense, to include an inspection report from a third-party inspector acceptable to the Company with any subsequent redelivery.
14. **DUTY OF COOPERATION.** Upon reasonable suspicion that Goods or services procured under this Contract may contribute to a Company product failure of any type, the Seller shall immediately upon direction take reasonable actions and incur reasonable costs toward a cooperative failure cause investigation, for the duration of a reasonable investigation opportunity. The responsibility for costs incurred pursuant to this Clause will be determined in accordance with the terms of this Contract.
15. **DISPUTES.** Before commencing litigation, the parties shall attempt to negotiate in good faith any matters that are in dispute by escalating to successive levels of management. Any dispute not settled between the parties may be decided by recourse to an action at law or in equity and will be referred to a court of competent jurisdiction in the state of California. Pending final resolution of any dispute between the parties, Seller shall diligently proceed with performance of the Contract, as directed by the Company, as though no dispute existed. The Contracts Disputes Act shall have no application to this Contract, and nothing in this Contract grants Seller a direct claim or cause of action against the Government.
16. **PRICES AND TAXES.**
 - a. The Company will not pay prices for Work higher than those prices stated in the Contract. Seller warrants that the prices of the items covered by this Contract are not in excess of Seller's lowest prices in effect on the date of this Contract for comparable quantities of similar items. If Seller reduces prices for this Work after formation of the Contract, but prior to payment, such price reductions will apply to this Contract. Unless otherwise specified, the prices include all charges for packaging, handling, storage and delivery.
 - b. Unless prohibited by law or otherwise specified, Seller shall pay and has included in the price of the Contract any federal, state or local tax, transportation tax, or other tax which is required to be imposed upon the items ordered hereunder, or by reason of their sale or delivery, except for applicable sales and use taxes that are listed separately on Seller's invoice. 18. **PAYMENT.**

- a. However, if specified in the Contract, the Company shall not be obligated to pay until final acceptance of delivered goods. The Company may, but shall not be obligated to, pay any invoice that is received later than sixty (60) days past the associated Work completion.
- b. Payment shall be deemed to have been made on the date payment is processed by check print or electronic funds transfer is initiated.
- c. The Company may take advantage of the most favorable discount incorporated in the Contract or found on individual invoices. Delays attributable to the fault of Seller, such as late invoices, errors or omissions on invoices, or lack of supporting documentation required by the Contract, will entitle the Company to withhold payment without losing any discount privileges or incurring any interest expense payable to Seller.
- d. The Company shall not be obligated to pay Seller any amount in excess of the price set forth in the Contract, unless and until the Buyer modifies the price for performance under the Contract. When and to the extent that the price set forth in the Contract has been increased, any hours expended and material costs incurred by Seller in excess of the price prior to the increase shall be payable to the same extent as if such hours expended and material costs had been incurred after such increase in the price.

19. **SET-OFFS.** The Company may set-off any amounts the Company in good faith claims to be due from Seller against any sums otherwise due to Seller whether such claims arise under or outside the Contract.

A breach of this obligation is grounds for a default termination.

Fractional parts of an hour shall be payable on a prorated basis. Invoices may be submitted once each month (or at more frequent intervals if approved by the Buyer) to the Buyer or Buyer's designee. In no event shall the Company reimburse Seller or Seller's employees for the cost of alcoholic beverages, fees for in-hotel movies, personal internet access or other such charges. Airline travel must be economy class unless business class is permitted in accordance with the Company's travel directives; first class air travel is not authorized unless required for reasonable accommodation of an established disability and approved by the Buyer in advance. Seller shall include a substantially identical audit provision in all subcontracts in support of this Contract. In the event any such audit shall disclose an overpayment to Seller, Seller shall pay Buyer, within 30 calendar days after receipt of notice from Buyer, the amount of such overpayment together with interest and Seller shall reimburse Buyer for the cost of such audit. The Buyer may agree in writing to extend the time for payment.
